

NAME

Chapter 2 Lesson 3 (pp. 26–27)

Choose an Adjective or Adverb**Activity A** Circle the adjective or adverb that correctly completes each sentence.**Tip**

Adjectives describe nouns and pronouns while adverbs describe verbs, adjectives, and other adverbs.

1. In the desert, (regularly, regular) daytime temperatures exceed 104 degrees.
2. (Surprising, Surprisingly), the desert contains a variety of wildlife that posses the physical characteristics required for tolerating life in the desert.
3. Camels' long, heavy eyelashes protect their eyes (well, good) from blowing sand.
4. Camels can even close their nostrils (completely, complete).
5. Can camels survive without water for a (real, really) long time?
6. The (bright, brightly) shining sun makes the desert a paradise for cold-blooded reptiles.
7. Many desert animals escape the heat by sleeping during the day and hunting in the (comfortable, comfortably) cool nights.
8. For example, (large, largely) desert-dwelling mammals, such as bobcats, are nocturnal.

**Activity B** Use each word pair in a sentence. Add a modifier to each word.

1. (picked, shirt)

2. (danced, song)

3. (cheered, team)

4. (drove, car)

5. (finished, project)
